LOCAL AND MISCELLANEOUS.

Notice.

All persons indebted to this office up to April 1st, 1870, are especially requested to make immediate payment, as we desire to close all accounts to that date. J. T. DALE, Treas'r.

THE Republican majority in Ohio will exceed fifteen thousand.

INDIANA has gone Democratic by about 2,000.

SEVERAL very fine deer have been shot just above this place during the past week.

A NEW Democratic daily is to be started in Pittsburgh, on the first of November. It is to be called *The Paper*.

LARGE quantities of fish are now being caught in the river at this point. Bass, salmon and pickerel are very plenty.

THE weather for the past week, has been disagreeable in the extreme—cold and wet. It has made several desperate attempts to snow.

A FURIOUS gale swept over Lake Erie, on Tuesday last, which destroyed quite a number of vessels. The loss of life and property is reported to be great.

CORRY had a lively prize fight of five rounds on election day, which resulted in the capture of all parties by the police, and the addition of \$44 to the exchequer of the town.

THEATRICAL and minstrel troupes are now reaping rich harvests at different points throughout the oil regions. Tionesta will (after Bob Stephenson strikes oil on the Poy Field) furnish another point for these troupes to visit. Hurry up, Bob.

WE are pleased to chronicle the striking of a ten barrel well, by our friend H. H. Stowe, at the mouth of West Hickory Creek. This opens up an entirely new field for operations. It is very heavy oil, and we are informed that this oil sells readily at \$7 a barrel at the well.

THE enterprising managers of the Allegheny Valley Railroad, have placed two elegant sleeping cars on their road. They are called the Westfield and Brocton. Too much praise cannot be bestowed upon the managers of this road for their untiring efforts in providing for the comforts of its passengers.

NOW that the streams are rising, our lumbermen are as busy as beavers getting all things in readiness to run their lumber to market. The amount of lumber now in the creeks ready for a rise in the river, is fully equal if not more, than is common at this season of the year. Large quantities of lumber is already in the river awaiting a rise.

JOHN FAGUNDAS, one of the owners of the famous Fagundas Farm, was arrested on Monday last, and brought to this place, on the charge of stealing a trunk from Scott Hammonson, proprietor of the Venture House, Trunk-cyville. A hearing was had before Esquire Merrell, and the prisoner was held to bail in \$1,000 for his appearance at the next Quarter Sessions.

THE death of Gen. Robert E. Lee has cast a gloom over the Democratic party, and it weeps bitter tears. When that great and good man, General Thomas' death was announced the Democratic press, with few exceptions, were reticent. Gen. Lee was an able General in the slaveholders' rebellion, while Gen. Thomas was a gallant General in the Union army. Does this account for their grief?

YESTERDAY'S OUTRAGE.—Saturday evening, as the six o'clock express train was passing Trunk-cyville, some human "flood" threw a stone through the window of the rear car, which came very near hitting a passenger. The stone was quite a large one, and would have inflicted severe injury had it struck any person. We understand this is the third time stones have been thrown into passenger trains near Trunk-cyville. The Railway Company have placed a spy in that vicinity, and we trust his efforts to ferret out the scoundrel will prove successful. There is plenty of good rope and stout trees at Trunk-cyville, and we hope the cowardly assassin will have a chance to test the merits of both, if he is caught.

EARTHQUAKE.—About 11:15 a. m. on Thursday last, the shock of an earthquake was very sensibly felt at Titusville, and other portions of the oil regions. In New York, Boston, Montreal, and in fact throughout the whole country, it was felt. In many places buildings swayed to and fro, alarming the inmates so bad that the streets were thronged with people who fled from their houses. The shock lasted for five or ten seconds. At this point nothing of the kind was felt, nor have we any desire to feel such a sensation.

THE official returns of Venango county are as follows:
For Congress, C. W. Gilfillan, Rep., 3,427; Samuel Griffith, Dem., 2,793; Assembly, J. D. McKim, Rep., 3,166; C. W. Stone, Rep., 3,160; E. L. Keenan, Dem., 3,827; County Commissioner, Henry Dubbs, Rep., 3,196; George W. Mays, Dem., 1,772; Jury Commissioner, Samuel McAlvey, Rep., 3,024; D. McElhatrick, Dem., 2,816; Auditor, John Glass, Rep., 3,190; Plumber Howarth, Dem., 2,776.

A PARTY of nimrods, from Titusville, passed this place on Monday last for the "deep woods" in the vicinity of Sheffield; Warren county. They were fully armed and equipped for a campaign. The only mistake they made in their outfit was, in carrying so much ammunition and so little rattlesnake antidote. They had twenty rounds of ammunition and only ten gallons of chesepot whiskey. This, with out doubt was their first trip, but they must live and learn.

MESSES. HILBRONNER & CO., have just received another mammoth stock of dry goods and clothing, which embraces all the latest Fall and Winter styles. These goods have been selected with great care, and are now open for inspection. As one of the firm remains in Philadelphia all the time, they can keep up a better stock and later styles than those who only visit the city once a year. It is no trouble for them to show goods.

BIG APPLES.—Mr. Jacob Shriver, of this borough, brought into office on Saturday last, a basket of apples that he raised in his garden, that we venture to say can't be beat in this part of the State. They average in weight, one pound each, and measure fourteen and three-quarter inches in circumference. He has more of the same sort. He calls them the "No Name." Who can beat them?

THERE is a rumor afloat that we are to lose our gentlemanly and efficient ticket agent and telegraph operator at this point. We hope this report may prove groundless. Mr. Butterfield has many warm friends in this place, who would regret his departure. Should he go, our best wishes attend him.

THE Copeland Farm, on the head waters of Alexander Run, this county, is fast coming into favor with experienced oil operators. There is now two first-class rigs up on this farm, and active operations will be commenced in a few days. We look forward to this territory as destined to become first class.

NEW PAPERS.—A new paper is about to make its appearance at Fagundas City, to be called *The Press*. It will devote its columns exclusively to oil interests.

THE Union Mills (Erie Co.) Times, a new paper, will make its appearance in about two weeks. It is to be neutral in politics.

THE East Brady Independent comes to us enlarged and otherwise improved. The Independent is a live paper and deserving of the liberal support given it. Its local department is read with interest, and its oil reports are full and reliable. We wish you, Col. unbounded success, and may your increasing business compel you to soon enlarge again.

MR. E. COWAN, editor of the Warren Mail, was married on Wednesday last, to Miss Camp, of Forresterville, N. Y. We wish Mr. Cowan every joy, and may his father-in-law die rich.

THE Governor has recently appointed four additional Major Generals to command the National Guards of Pennsylvania, as follows: Brig. Gen. James L. Selfridge, Major General commanding the 7th division, comprising the counties of Lehigh and Northampton; Gen. Thomas L. Kane, Major General 12th division, comprising Clarion, McKean, Elk and Forest counties; Col. H. S. Huidekoper, Major General 20th division, comprising Crawford, Erie, Venango and Warren counties; General Harry White, Major General 21st division, comprising the counties of Indiana, Jefferson, Clearfield and Cambria. Here is a chance for fame and glory, on paper, or dress parade.

D. V.—Misses Mary S. and Susan R., two country girls of more than ordinary beauty, and who live near enough to Titusville to call it the town, met at an evening party not long since, a dashing city chap, who paid more than ordinary attention to the aforementioned ladies. Miss Mary S. was more than carried away, and squandered her wealth of affection and honeyed smiles in a way that caused the young gent to think a ride with the fair M. would be pleasant to him and acceptable to her. The result was that Miss Mary received a delicate note, in which her company was requested for a short pleasure ride, and so sure was our hero of its acceptance that he concluded by saying, "I will call for your answer at two o'clock this afternoon, D. V." (God willing.) But Miss Mary's mother objected. 'Twas improper for her to go out with a stranger, it would make talk, &c. But when the weeping girl gave her the note to peruse she at once gave consent, saying, "D. V. D. V., of course you can go. Susie is going with you or else he won't come with a Double Vehicle."—Titusville Courier.

THE People's Literary Companion, for November, comes to us as bright and as fresh looking as the green fields are after a gentle rain. It is published by E. C. Allen & Co., Augusta, Me. Terms, 75 cents per year. A fine Steel Engraving, entitled "From Shore to Shore," is presented to every new subscriber. It is really one of the most pleasing engravings ever before the public. The Companion is printed on fine, heavy paper; its columns are filled to the brim with good things by talented authors, and withal it is one of the largest and finest illustrated family papers published.

A CORRESPONDENT of the Pittsburgh Commercial Times speaks of Trunk-cyville, this county: "Trunk-cyville is flourishing like a green bay tree. Vandergrift & Foreman have just finished a 15,000 barrel iron tank, Nestle & Peterson are erecting a large building in the rear of the depot, designed for a hardware and sort office. The Venture Hotel is being fitted up in good style to meet the requirements of their rapidly increasing custom, and everything is assuming an air of business."

THE Titusville Herald's monthly petroleum report for September, foots up the daily production at 19,480 barrels, against 17,777 for the month of August, being an increase of 1,712 barrels per day over the previous month.

D. S. KNOX & Co., have just received another large invoice of agricultural implements, consisting in part of forks, rakes, scythes, hoes, &c. which they are selling at greatly reduced figures.

PIANOS AT GREAT BARGAINS.—J. C. Hull, of Meadville, Pa., is offering to sell the Steinway, Chickering, Bradbury and some other makes, at greatly reduced prices. Also Organs and Melodeons.

CARPENTERS, Blacksmiths, Saw mill men, Oil men, and other citizens of Forest county, who are in want of anything in the Hardware line, should go to Andrews & Co., Tidioute. They have the largest stock in this section of the country. They are making and repairing all kinds of Machinery and Saw mill castings at short notice.

DENTISTRY.—A. J. Stiles, Dentist, Tidioute, Pa., has the reputation of being one of the most expert Dentists in this section. He uses all the modern appliances for extracting teeth without pain, such as Chloroform, Ether Nitrous Gas, or the new method of Freezing the Gums with Spray. The most delicate and difficult operations of filling the teeth with gold skillfully performed. He also uses a new preparation, "Os Artificial," which supplies the bone lost by decay, and is applied without pain. A long experience in the business, and the large patronage given Mr. Stiles, is sufficient evidence that his work gives satisfaction. Office over Acomb's Drug Store, Tidioute.

REYNOLDS, Broadhead & Co., Oil City, Pa., are in receipt of their Stock of Spring and Summer Dry Goods, of all kinds. This firm is one among the oldest of that city, and the most extensive. ADDRESS

To the Nervous

AND

DEBILITATED.

WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable;

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or frothy, or is itropy on setting? Or does a thick skin rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, mooping, tired of company, or list? Do you wish to be left alone, away from every body? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflamed by running to excess. Those will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, have brought about that state of weakness in those organs that has reduced the general system so much as to produce almost every other disease—dyspepsia, lumbago, paralysis, spinal affections, sciatica, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have decored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 19 years, prepared by H. T. HELMBOLD, Druggist, 504 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.

None are genuine unless DONE UP IN STEEL ENGRAVED Wrapper, fac-simile of my Chemical Warehouse, and signed H. T. HELMBOLD.
